OVERVIEW

It is once again with great pleasure to announce the commencement of "The 11th NUAA Online Summer Lecture Program".

NUAA is committed to providing the best international education for its students and to aligning this opportunity to provide a new way of learning and teaching. The program is designed to provide a platform for the faculty to share their knowledge and experience with the students.

With over 445 academicians and 20,000 students taking part in the past few years, the program has become a very popular and successful one. It has provided a platform for the faculty to share their knowledge and experience with the students beyond mobility.

PROCEDURE

1st

Foreign teachers to propose an online course

2nd

NUAA Promotes the proposed courses to the students

3rd

NUAA decides whether to accept when enough students register.

4th

Summer lecture program content will be sent to the selected foreign teachers

5th

Courses will commence as scheduled.

BENEFITS

1. The program will provide a platform for the faculty to share their knowledge and experience with the students.

2. The program will provide a platform for the faculty to share their knowledge and experience with the students.
